### **DETAILED ACTION**

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-3,28-33, drawn to a macrolactone, classified in class 549, subclass 271.
- II. Claims 4-13, drawn to acid ester, classified in classes 560,562, subclasses various.
- III. Claims 14-15,19-22, drawn to ether, classified in class 568, subclass 579.
- IV. Claims 16-18, drawn to pyran, classified in class 549, subclass 416.
- V. Claims 23-27, drawn to dioxane, classified in class 549, subclass 369.

The inventions are distinct, each from the other because: They are drawn to distinct groups based on their recognized divergent subject matter as shown by their distinct chemical structures and different classifications. A search of one group is not required for the search of the other group. A reference of one group would not suggest and/or render the other group obvious in the absence of the secondary teachings. Thus, the restriction requirement as indicated is deemed proper.

A telephone call was made to Mr. Henry Bartony on 16 March, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143). Applicant is also required to elect a singled disclosed species from the elected group for examination.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the

Art Unit: 1625

currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ba K. Trinh whose telephone number is (571) 272-0695. The examiner can normally be reached on M-F (8:30-5:00).
